

### 1.1.1 The Institution ensures effective curriculum delivery through a well planned and documented process.

Popatrao Kisanrao Thorat College ensures effective delivery of curriculum as one of the most essential curricular aspects. As we are affiliated institution, we follow the curriculum prescribed by Savitribai Phule Pune University Pune through its Boards of Studies for various subjects in the faculty of Arts, Commerce and Sciences. Institution has adopted Choice Based Credit System (CBCS) and follows Outcome Based Education (OBE) in its teaching learning process. Students have option to choose courses of their interest as per university framework.

**Bridge Courses:** The College administers an oral exam during the first lectures to gauge student knowledge. The test's goal is to find out how knowledgeable pupils are and what their main interests are.

**Teaching Plan:** The University syllabus for each subject and paper is also provided to the students. Every faculty member prepares Teaching Plan. The faculty engages extra classes as and when necessary.

**Departmental Meetings:** To discuss a range of academic and non-academic concerns, the Principal and Director will hold regular or frequent meetings with the heads of all the departments. The Principal and management met, and HODs called a meeting of the Department faculty to report the outcomes. At the Department level, decisions were made.

**Timetable:** The department timetable coordinators will create the class schedule for year by following the schedule of events and hours (lecture/practical/Tutorial) provided in the university curriculum for each course. The principal and HOD will approve the prepared class schedule before it is distributed to the staff and students are informed in the department.

A handwritten signature in blue ink, appearing to read "P. Salunke".

**Bridge Course: Basic concept in chemistry(2023-24)**

**Objective:**

- ❖ To bridge the gap between subjects studied at Pre-university level and subjects they would be studying in Graduation.
- ❖ To improve Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc are the main focus. Mentoring and connecting with faculty members is the most important part.

### **Report On Bridge Course- 2023-24 Batch PKTCK**

**Class: F.Y.B.Sc.**

**Subject: Basic Concept in Chemistry**

**Course Hour: 10hr.**

Popatrao Kisanrao Thorat College, Khutbav conducted a one week's bridge course from 01-08-2023 to 11-08-2023 in offline mode before the commencement of regular classes. The main objective of the course is to bridge the gap between subjects studied at Pre-college level and subjects they would be studying in B.Sc. Bridge Course will help the students to have a smooth transition to the B.Sc. Courses. It is designed to link higher secondary syllabi to the syllabi of under graduate courses at the entry level. It also aims to impart basic concepts of discipline which do not form part of earlier programme. The course is designed with a syllabus under a department coordinator and heads of the department monitors the overall conduct of the course. The Bridge Courses also focus on the pupil with different learning abilities, academic standards and performances.

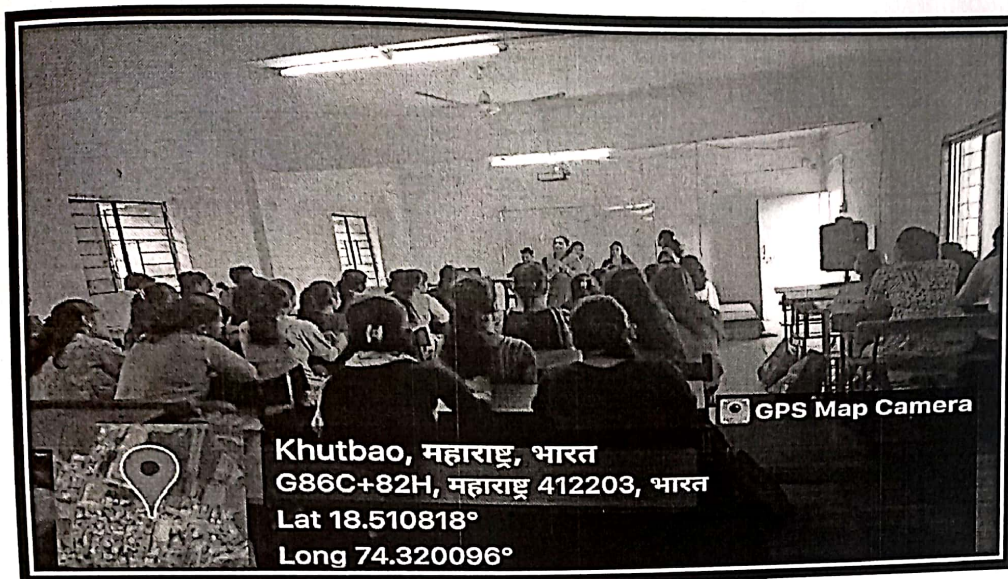

The Inaugural function was conducted under chairperson Dr. Rekha Pawar Principal of Popatrao Kisanrao Thorat College, Khutbav.

Asst. Prof. Y.B. Divekar on 01/08/2023 to 03-08-2023 gives introduction on the topic basic concepts in analytical chemistry. She introduced how to calibrate the pH-meter, colorimeter, conduct meter, refract meter, and potentiometer. Also she explain which solutions are prepared for reading, which electrodes are use, how conduct this experiment and explain unit, uses and advantage of pH-metry. On 3 august she was introduced concepts-normality, molarity and mole fraction. She also explains importance of analytical chemistry, methods of quantitative analysis and study of errors in chemical analysis.

Asst. Prof. Sneha Lavhe on 04-08-2023 to 05-08-2023 covered the basic concepts in inorganic chemistry. She introduced study of periodic table-atomic numbers, electronic configuration. Study of electronic configuration of elements and study of hybridization also covered. On 5 auggust she was conducted lecture on the topic structure and shape of molecule. At last she explained the importance of inorganic chemistry.

On 6-08-2023 to 09-08-2023 Asst. Prof. Archana Memane introduced to the basic concepts-functional groups, valency, and nomenclature. Then study of oxidizing and reducing agents covered. On 8 august she explained to study the acid, base and catalysts then study of the aliphatic, aromatic, cyclic and hetero compounds. At last he conducted test exam on completed topic.

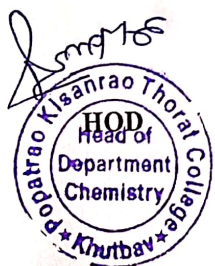

On 10-08-2023 to 11-08-2023 Asst. Prof. Sayyad Sayal covered the topic structural effect-resonating effect, inductive effect, hydrogen bonding and steric effect. Then organic chemistry topic was conducted. On 11-08-2023 she explains the topic organic chemistry and industry also covered. At last organic chemistry and compounds. Then organic chemistry and periodic table and study of organic structure were conducted.

During Asst.Prof. Yogita Divekar gives information regarding Analytical Chemistry

**Bridge Course: Basic concept in Organic Chemistry**

**(A.Y. 2023-24)**

Syllabus & Timetable

Sr.No.	Topic	Date	Duration
1	1) Fundamentals of Organic Chemistry A) Physical Effects, Electronic Displacements: Inductive Effect, Electromeric Effect, Resonance and Hyperconjugation.	1/08/2023	1Hr
2	B) Cleavage of Bonds: Homolysis and Heterolysis. Structure, shape and reactivity of organic molecules: Nucleophiles and electrophiles. Reactive Intermediates: Carbocations, Carbanions and free radicals.	2/08/2023	1Hr
3	C) Strength of organic acids and bases: Comparative study with emphasis on factors affecting pK values. Aromaticity: Benzenoids and Hückel's rule.	3/08/2023	1Hr
4	2) Stereochemistry A) Introduction, classification, Interconversion of Wedge Formula, Newmann, Sawhorse and Fischer representations. Conformations with respect to ethane, butane and cyclohexane.	4/08/2023	1Hr
5	B) Configuration: Geometrical - cis - trans, and E / Z Nomenclature (for upto two C=C systems).	5/08/2023	1Hr
6	C) Optical isomerism Enantiomerism, Diastereomerism and Meso compounds). Concept of chirality (upto two carbon atoms). Threo and erythro; D and L; nomenclature; CIP Rules: R/ S (for upto 2 chiral carbon atoms)	7/08/2023	1Hr

  
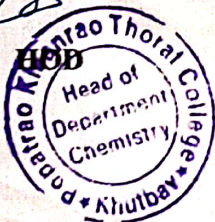

Principal

Popatrao Kisanrao Thorat College  
Khutbav, Tal.-Daund, Dist. Pune.

7	<b>3) Aliphatic Hydrocarbons</b> A) Functional group approach for the following reactions (preparations & reactions) to be studied in context to their structure.	8/8/2023	1Hr
8	<b>B) Alkane</b> (Up to 5 Carbons) Preparation: Catalytic hydrogenation, Wurtz reaction, Kolbe's synthesis, from Grignard reagent. Reactions: Free radical Substitution: Halogenation.	9/08/2023	1Hr
9	<b>4) Alkenes:</b> (Up to 5 Carbons) Preparation: Catalytic hydrogenation, Wurtz reaction, Kolbe's synthesis, from Grignard reagent. Reactions: Free radical Substitution: Halogenation.	10/08/2023	1Hr
10	<b>5) Alkynes:</b> (Up to 5 Carbons) Preparation: Acetylene from $\text{CaC}_2$ and conversion into higher alkynes; by dehalogenation of tetra halides and dehydrohalogenation of vicinal-dihalide Reactions:	11/08/2023	1Hr

**Bridge Course: Basic concept in chemistry (2023-24)**

### Outcomes

- Students will be able to design and carry out scientific experiments as well as accurately record and analyze the results of such experiments.
- Students will be skilled in problem solving, critical thinking and analytical reasoning as applied to scientific problems. Identify goals, develop strategies and determine further actions for personal growth.
- Explore new possibilities, embrace new challenges and adapt to new roles.
- Intellectual skills. With this type of learning outcome, the learner will understand concepts, rules or procedures.
- Cognitive strategy. In this type of learning outcome, the learner uses personal strategies to think, organize, learn and behave.
- Verbal information.
- Motor skills.
- Attitude.

## Departmental Meeting

Department of English

Date: 26/07/2023

It is hereby informed to all the faculty members to attend the meeting on 26/07/2023 at 12 PM at IQAC Hall for discussing various departmental activities so kindly attend the meeting on time.

### Agenda of meeting

- Regarding admission & teaching learning process
- Regarding Implementation of NEP
- Regarding subject allotment
- Regarding Departmental courses

Sr. No.	Staff Name	Signature
1.	Dr. Rekha Salunke (Principal)	
2	Asst.Prof.Dhumal V.D. (Head of Department)	
3.	Dr. Bankar S.D. (Faculty In-Charge)	

### Highlights of meeting

- Discussion on improvement of admission & teaching learning process.
- Subject allotment for the forthcoming semester among departmental members.
- Discussion on Attending workshops related to the NEP.
- Discussion on arranging the Bridge course for first year students.
